Dear Kate So you're studying  
Painting & Dancing - I think  
they are the two best subjects.  
You ask why I'm fascinated by  
the human figure? As a human  
animal I am interested in some  
of my fellow animals, in their  
minds and bodies.

I never think about my style  
but just ~~think~~ try and make  
the pictures look believable.

- From the last day at sea -

I wish you were here  
walk up and down the deck  
with me.

Peggie is lovely, every  
thing seemed perfect in it  
all felt quite different than  
in the past. Being with her  
the little time was quite perfect
